## *EU games and quizzes – fun learning resources for children and young people*

Europe Direct Leeds will be out and about this summer supporting several events\* and we will be telling children and young people about a wonderful collection of online games called **Kids' Corner**

[http://europa.eu/kids-corner/index\\_en.htm](http://europa.eu/kids-corner/index_en.htm)

\* Horsforth Gala – Saturday 28<sup>th</sup> June

\* Kirkstall Festival - Saturday 12<sup>th</sup> July

Children can play fun and educational games on themes relating to Europe: its history, geography, the euro, climate change and much more. They can also find out about their civil rights with the aid of videos, cartoons and games. For example:

 <p><b>Language Quiz</b> Think you know a thing or two about languages? Test your knowledge with our European languages Language Quiz.</p> <p><b>PLAY</b></p> <p>12+</p>	 <p><b>Organic farming memory game</b> Organic farming helps make your food healthier and makes sure animals are looked after properly. Try to match the cards and find all sorts of food that is made this way.</p> <p><b>PLAY</b></p> <p>6+</p>	 <p><b>Balloon game</b> Pixel, Urso, Kangi, Blu, Nina, Max and Bob want to guide you through your rights, but they have been captured on a desert island. Rescue them by showing that you know your rights and navigate your way to freedom.</p> <p><b>PLAY</b></p> <p>9+</p>
---	---	--

READ

**Picture puzzle**  
There are lots of famous buildings and monuments in all of the EU's 28 member countries. Choose one of them and slide the pieces around to make it into a whole picture again.

**PLAY**

**6+**

**READ**

**Honoloko**  
What would you do to protect the environment and stay healthy? Move your character around the board, answering questions as you go, to see how much you know about preserving natural resources and energy.

**PLAY**

**9+**

**€CONOMIA**  
The European Central Bank controls how much money circulates in Europe. The Bank aims to achieve stable prices which are good for all of us. Can you set the right interest rate to keep inflation low?

*Looking for teaching material about the European Union?*

**Teachers' Corner** contains all kinds of material for different age groups. Whether you want to teach your pupils about what the EU does, how it began and how it works or to debate EU policies in greater detail, you'll find plenty of inspiration at [http://europa.eu/teachers-corner/index\\_en.htm](http://europa.eu/teachers-corner/index_en.htm) For example:

**The EU in slides** provides richly illustrated general information about the EU and how it works [http://europa.eu/abc/euslides/index\\_en.htm](http://europa.eu/abc/euslides/index_en.htm)

**Key facts and figures about Europe and the Europeans** contains basic facts and figures on the EU institutions, the member countries and the economy of the EU [http://europa.eu/about-eu/facts-figures/index\\_en.htm](http://europa.eu/about-eu/facts-figures/index_en.htm)

**Consumer classroom** brings together an extensive library of consumer education resources from across the EU, along with interactive and collaborative tools to help prepare and share lessons with students and other teachers <http://www.consumerclassroom.eu/>
